Open University Press. Paperback. Book Condition: new. BRAND NEW, Psychotherapy Supervision: An Integrative Rational Approach to Psychotherapy Supervision, Maria C. Gilbert, Kenneth Evans, ".Maria Gilbert and Ken Evans have given us a beautifully written and richly illustrated account of psychotherapy supervision. Providing clear guidelines for effective clinical supervision, the book describes and vividly illustrates how the supervisor monitors, instructs, models, consults and supports the supervisee, all within the context of respect and empathy." - Marvin R. Goldfried, Ph.D. State University of New York at Stony Brook, Stony Brook, New York, USA ".Don't read this book if you have a well-worked-out, pre-determined model of supervision that you don't want to change. It will only disturb, distract and challenge you. If you would like to review your model of supervision, on the other hand, update it in the light of modern scholarship and insights, open it to 'manufactured uncertainty' so as to adapt it to the contemporary issues of the day, then it's a 'must' for you. It's a book of tomorrow in the light of the best of yesterday and indisputably for today." - Michael Carroll, Ph.D. Chartered Counselling Psychologist and BAC Fellow ".Gilbert and Evans' book is sure to become a key text in the area of psychotherapy supervision from an integrative perspective. The authors reveal an extensive knowledge of the work of other experts in the field and a deep understanding of how this knowledge may be translated into practice. Gilbert and Evans draw much needed attention to the often neglected aspect of the contexts within which supervision takes place. Their focus on the multi-cultural aspects of supervision and their advocacy for anti-oppressive practices is of note. very accessible and highly recommended to beginning supervisees and seasoned supervisors alike. This book will make a substantial contribution to the field for a long...
