Brand New Book ***** Print on Demand *****.Excerpt from Weasels: Trapping, Raising and Preparing Skins for Market Until the last few years the more valuable fur-bearers have been so numerous that very little attention has been paid to the weasel. Except when one was found robbing the farmer s hen roost no one ever tried to trap them, and when the hard-working trapper found one in his mink or marten set it was promptly thrown to one side with a curse. Lately, prices of all furs have come up to such an extent that even the common animals have decreased greatly. The weasel alone seems to be holding his own, having but few enemies and plenty of food. The price offered for his pelt is now drawing more attention towards him. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
