Createspace, United States, 2011. Paperback. Book Condition: New. 231 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.The world of Eldwitch was a hauntingly, beautiful world, filled with numerous races, and watched over by the Mother (Nature). When threatened with destruction by the impact of a rogue asteroid, the rulers, a race of flying magic users, were quick to come up with a solution. They would allow for the trajectory of the asteroid and weaken the fault lines that radiated out from the impact zone. This would splinter the world, and yet save their people. Each planet connected to the other, by a World-Gate. This allowed them to continue with communication and trade. For thousands of years the worlds continued in harmony. Slowly, one of the planets began to veer away from the teachings and learning s of the Mother. Going their own way and beginning to refuse interaction with the other worlds, they begin to breed only within their own world. Their greed and lack of respect for nature led them to create severe damage to the planets resources. The inbreeding caused mutations among them, with the most serious resulting in berserking. The planet itself was in danger of destruction, due to the abuse of the ecosystem. The Mother wasn t done yet. She had a plan to set in motion. Three magic users, born with the blood of all three planets, were necessary to create the solution needed to reverse the damage. The legacy of the magic needed, rested in the abilities of one young girl. Could she find the others to help her in her journey? This is Sierra s Legacy and the story of that journey.
