Starshine Galaxy, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In July 2007, a perilous journey began that led one woman into an unwelcome battle . with Stage 4 breast cancer. As she valiantly engaged in the fight, she also cultivated new depths of understanding for her family, friends, and even strangers on her walk of faith. In a matter of weeks, Beth Bello went from being ecstatically pregnant to grieving the loss of her unborn child and facing an unthinkable diagnosis. Medical professionals found a growth in her breast that they first classified as worrisome but, after early rounds of testing, Beth soon realized she was facing the most challenging chapter of her Earthly life - the final one. On July 18, 2007, Beth emailed her first official Update to a group of family and friends. On March 14, 2009, Beth emailed her last post - Update 21. Over that period of 20 months, Beth dealt with her sudden and shocking new reality by educating herself fully about her illness and all the ramifications, explaining meticulously, yet simply, what was happening to her remarkable support group, and interweaving the elements of her battle against cancer with a very compelling story of love and faith. Read the story of this amazing woman as she recounts in her own words her walk through the valley of death to the other side, as she confronts ever more challenging conditions with abiding love and unfailing faith, and as she claims an astonishing and unwavering victory.
