Reviews

This written publication is wonderful. It can be written in straightforward phrases instead of confusing. I discovered this pdf from my dad and i suggested this publication to learn.

(Jesse Tremblay)

COLORING FUN WITH GEOMETRIC DESIGNS: VOLUME 1

Outskirts Press, United States, 2015. Paperback. Book Condition: New. 279 x 210 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is all about geometric designs. These shapes have endless possibilities for design and color. They range from easy to hard. The designs contain many angles, planes and a sphere. There are circles, triangles, squares, rectangles, rhombus, ovals, polygons, and more. All of these were drawn by hand and not computer generated. These pages can be used for many variations in art projects that can be as personal as the artist. They can be used in a geometry lesson to find and name the different shapes, angles, planes, and lines. These coloring pages are a great form of therapy also.
