

The Politics of Autism: Navigating The Contested Spectrum

Filesize: 4.43 MB

Reviews

This pdf is definitely worth getting. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

Rowman & Littlefield Publishers. Paperback. Condition: New. 190 pages. In the first book devoted exclusively to the contentious politics of autism, noted political scientist and public policy expert John J. Pitney, Jr. , explains how autism has evolved into a heated political issue disputed by scientists, educators, social workers, and families. Nearly everything about autism is subject to debate and struggle, including its measurement and definition. Organizational attempts to deal with autism have resulted in not a single autism policy, but a vast array of policies at the federal, state, and local levels, which often leave people with autism and their families frustrated and confused. Americans with autism are citizens, friends, coworkers, sons, daughters, fathers, and mothers. No longer simply the objects of public policy, they are active participants in current policy debates. Pitneys fascinating look at how public policy is made and implemented offers networks of concerned parents, educators, and researchers a compass to navigate the current systems and hope for a path towards more regularized and effective policies for Americas autism community. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
