

Engineering in K-12 Education: Understanding the Status and Improving the Prospects

By Committee on Understanding and Improving K-12 Engineering Education in the United States, Teacher Advisory Council, DBASSE, Board on Science Education, Division of Behavioral and Social Sciences and Education, National Research Council

National Academies Press. Paperback. Book Condition: new. BRAND NEW, Engineering in K-12 Education: Understanding the Status and Improving the Prospects, Committee on Understanding and Improving K-12 Engineering Education in the United States, Teacher Advisory Council, DBASSE, Board on Science Education, Division of Behavioral and Social Sciences and Education, National Research Council, Engineering education in K-12 classrooms is a small but growing phenomenon that may have implications for engineering and also for the other STEM subjects--science, technology, and mathematics. Specifically, engineering education may improve student learning and achievement in science and mathematics, increase awareness of engineering and the work of engineers, boost youth interest in pursuing engineering as a career, and increase the technological literacy of all students. The teaching of STEM subjects in U.S. schools must be improved in order to retain U.S. competitiveness in the global economy and to develop a workforce with the knowledge and skills to address technical and technological issues. Engineering in K-12 Education reviews the scope and impact of engineering education today and makes several recommendations to address curriculum, policy, and funding issues. The book also analyzes a number of K-12 engineering curricula in depth and discusses what is known from the cognitive sciences about...

Reviews

It is one of the most popular publications. We have read through it and I am sure that I will likely study it again once more later on. I am just delighted to tell you that this is actually the finest publication we have read through in my individual existence and might be the best PDF for actually.

-- Mr. Clloyd Schmidt II

A high quality ebook along with the font employed was fascinating to read. It really is written in easy phrases rather than confusing. I am just easily able to get a satisfaction of looking at a composed publication.
