Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. A biography of one of the London theatre's most important wits and playwrights. Donaldson discusses the life and work of the man who wrote over twenty plays and musicals that were produced in London in the first half of the 20th century. Lady Donaldson of Kingsbridge (1907-1994), a British writer and biographer, was the daughter of Freddie Lonsdale, a playwright. She married John George Stuart Donaldson, Baron Donaldson of Kingsbridge (known as Jack), a left-wing intellectual, social worker, and dilettante Gloucestershire farmer in 1935. As the daughter of the playwright Frederick Lonsdale, she grew up in the frivolous world of 1920s cafe society, yet she became a committed socialist. As the wife of Lord Donaldson who was on the board of both London Opera houses and was subsequently Minister for the Arts, Frances Donaldson was at the cultural centre of British life. Her body of work included topics such as farming, and biographies on writers Evelyn Waugh and P.G. Wodehouse, as well as on her father, Freddie. Her biography of King Edward VIII won the Wolfson Literary Award and was the basis for a six-part television series, *Edward and Mrs. Simpson* starring James Fox and Cynthia Harris.
