

The Doubting Mediator: Radhasoamis Version of Science

Filesize: 8.47 MB

Reviews

Most of these pdf is the best ebook offered. It is probably the most remarkable book i actually have study. Your life period will be transform as soon as you complete reading this pdf.

(Albertha Champlin)

THE DOUBTING MEDITATOR: RADHASOAMIS VERSION OF SCIENCE

Mount San Antonio College/Philosophy Group. Paperback. Condition: New. 116 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. The Radhasoami tradition has almost since its formal inception in 1861 in Agra, India, attempted to explain its practices and teachings as a higher form of spiritual science. But in so doing, Radhasoami has developed its own unique understanding of how science operates which at times is at odds with more conventional definitions of how to systematically study nature. In this book, we will examine the history of Radhasoamis version of science and how and why it has attempted to legitimize its religious practices in light of the latest discoveries in astronomy, physics, biology, and psychology. We will also be particularly interested in exploring how and why Radhasoamis definitional use of science often contradicts a more conventional scientific worldview. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
