Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. ACNE: Does it rule your life? If you're anything like how I was you feel constantly aware of your skin on your face. You think everyone is staring at your acne and feel insanely self-conscious in front of the opposite sex. For 17 years I struggled with acne from the early stages of a couple of pimples on my face to full on cystic acne during my teenage years. My most embarrassing acne moment still stands out to me. I was walking in the hallways at my high school and it was really crowded. A guy in front of me turned around, looked at my face, and said Ew! I was humiliated and ashamed. There was tons of people all around. I wanted to just duck and hide but had nowhere to go. I devoted tons of hours and dollars into researching and experimenting on myself to what sort of treatments, methods, and prescriptions I could try that would eliminate my acne for good. If you're like me and feel that you've been searching all over the internet, in books, and forums looking for acne treatments and acne solutions, you're not alone. Within this book I provide my personal testimony to the many methods and options I've tried in my search for finding clear skin and what my ultimate cure was. You're tired of being overwhelmed by all that is offered product wise on the market. You're tired of missing out on opportunities in life and allowing your skin to take control. Why not download this book and find the solution that works for you? Maybe you're a pre-teen, a teenager, even an adult suffering...
